

# Fast Play Tips

- Play ready golf on the tee. Hit when ready and forget honors.
- Be ready on the fairway and around the green. Watch the other players and know when it is your turn.
- When riding two to a cart, drop off the closest player and drive to the other ball.
- Walk forward and don't wait to be picked up.
- Take the club you think you need plus one you might need.
- Do not take more than one practice swing if others are waiting for you to make your shot.
- After you hit your shot, carry your club in the cart and put it in the bag at the next stop.
- Hit a provisional ball if you think your ball is lost or out of bounds.
- Do not search for lost balls for longer than 3 minutes.
- Keep up. Remember that your place on the course is directly behind the group in front of you. Don't be the one who holds up the entire field.
- On the putting green, you should be planning your putt so you will be ready when your turn comes.
- Putt out if your ball is near the cup.
- Keep your equipment with you around the green, placing it between you and your cart.
- The first player to putt out should retrieve the flagstick.
- Record scores at the next tee and not at the green.
